## **GOLF TIP: PLAYING THE 3<sup>RD</sup> HOLE**

The tee shot at Sewailo's 3rd hole is a challenging shot where you carry your ball over a lake. One of the keys to hitting this shot well is to stay relaxed, focus on your target, and stick to your routine. Take the wind into account if it is into you and note the pin position. Sometimes you will find the pin location on this hole in the front of the

green. If the pin location is in the front of the green, choose a club that will go the distance to the middle of the green comfortably. If you mishit the ball slightly you could be close to the pin, and if you hit the ball perfectly you will be putting from the middle of the green. No matter which club you choose, stay fully committed to the shot. Choose the club that gives you the right distance

without having to hit your best shot. Remember to base your distances off of your average yardage, not your best shot ever with a club. Keep in a good rhythm and tempo to produce the best contact on the ball.
